Аннотация

«Сборник упражнений по грамматике английского языка. 3-5 класс» — большое практическое пособие для отработки базовых тем школьной программы. Издание включает 20 грамматических тем (глагол to be, множественное число существительных, указательные и притяжательные местоимения, предлоги места и времени, Present Simple и Present Continuous, модальный глагол can, конструкции have got и there is/are, вопросительные слова, повелительное наклонение и другие) с кратким объяснением правила и практическими примерами.

Каждая тема содержит 15 упражнений по 10 заданий — вставить нужную форму, исправить ошибку, составить вопрос или отрицание, перевести предложение. Всего в сборнике более 3000 практических заданий с ключами ответов в конце книги. Пособие подходит для самостоятельных занятий дома,

дополнительной практики в классе и подготовки к контрольным работам.

Сборник упражнений по грамматике Английского языка 3-5 класс

Как пользоваться сборником

Сборник состоит из 20 уроков. В каждом уроке — 15 упражнений:

1. упражнения 1–10 закрепляют основное правило (вставь нужное слово или форму);
2. упражнения 11–15 — задания повышенной сложности (составь вопрос, отрицание, исправь ошибку, переведи).

В конце сборника — раздел «Ответы» с ключами ко всем упражнениям. Рекомендуется не проходить всё за один раз — достаточно 4–6 упражнений за одно занятие.
