Введение

Настоящее учебное пособие предназначено для изучающих английский язык на уровне А2 и направлено на системное расширение активного словарного запаса, развитие навыков чтения, говорения и понимания базовых языковых структур. Книга может использоваться как для самостоятельной работы, так и в рамках учебного процесса под руководством преподавателя.

Основная цель данного пособия заключается в формировании устойчивой лексической базы через тематически организованный материал. Каждая глава посвящена отдельной повседневной теме и включает текст для чтения, список ключевой лексики и выражений, диалог с переводом, а также блок вопросов с примерами развернутых ответов. Такая структура позволяет последовательно закреплять новую лексику в контексте и развивать навыки её практического применения.

Отбор тем основан на принципах коммуникативной значимости и частотности употребления. В пособие включены ситуации, с которыми учащиеся регулярно сталкиваются в повседневной жизни: учеба, семья, питание, покупки, городской быт, транспорт, свободное время и другие. Это обес-

печивает практическую направленность материала и способствует более эффективному усвоению языка.

Особое внимание уделяется развитию навыков устной речи. Вопросы в конце каждой главы сформулированы таким образом, чтобы стимулировать личные ответы учащегося и использование изученной лексики в собственных высказываниях. Примеры ответов демонстрируют возможный уровень подходящих формулировок и помогают сформировать правильные модели построения предложений.

Желаю успехов!

My Daily Routine

Topic Text

My name is Alex, and I am a student. I want to tell you about my daily routine. I wake up every day at 7 o'clock in the morning. I usually hear my alarm clock. I feel a little tired, but I get up because I have a busy day.

First, I go to the bathroom. I wash my face, brush my teeth, and comb my hair. After that, I go back to my room and get dressed. I usually wear comfortable clothes like jeans, a T-shirt, or a hoodie.

Then I go to the kitchen to have breakfast. My mother usually prepares breakfast. I often eat bread with butter and cheese, or eggs. I drink tea or juice. Breakfast is important for me because it gives me energy for the day.

At 7:45 I leave the house and go to school. I usually walk, but sometimes I take the bus. The school is not far, so I arrive in about 15 minutes. On the way, I sometimes listen to music or think about my plans for the day.

School starts at 8:30 in the morning. I have different lessons like English, math, history, and geography. My favorite subject is English because I like learning new words and speaking with my teacher and classmates.

During breaks, I meet my friends. We talk, laugh, and sometimes eat snacks together. Lunch is usually at 12 o'clock. I eat sandwiches, fruit, or soup. After lunch, I have more lessons.

School finishes at 3 o'clock in the afternoon. After school, I go home. When I arrive home, I feel tired, so I usually rest for about 30 minutes. Sometimes I watch videos or just relax in my room.

After that, I start my homework. I do my English exercises, read texts, and solve math problems. Homework usually takes me one or two hours. I try to finish it early so I have free time later.

In the evening, I have free time. I like to play computer games, watch films, or go outside with my friends. Sometimes I help my parents with housework, like cleaning my room or washing the dishes.

At 7 o'clock we have dinner. My family eats together at the table. We talk about our day and share news. I like this time because we are all together and relaxed.

After dinner, I relax again. I sometimes read a book or watch TV. At 10 o'clock I get ready for bed. I wash my face, brush my teeth, and put on my pajamas.

Finally, I go to sleep at about 10:30. I feel tired but happy because I had a full and active day. Tomorrow I will wake up and do the same routine again.

I keep my school bag near my desk. Every evening, I check my bag and prepare books for the next day. This helps me feel ready for school in the morning.

There are some personal things in my bedroom. I have photos, small decorations, and things that are important to me. They make my room more comfortable and personal.

In the evening, I often spend time in my bedroom. I play games on my computer, listen to music, or read books. Sometimes I just lie on my bed and think about my day.

I also try to keep my bedroom clean. I vacuum the floor, organize my clothes, and put things in the right place. A clean room helps me feel calm and focused.

Before going to bed, I spend a few minutes in my bedroom getting ready for sleep. I brush my teeth, change into pajamas, and turn off the lights. Then I go to sleep and rest.

My bedroom is more than just a room. It is my personal space where I can relax, study, and feel comfortable every day.

A Normal School Day

Topic Text

A normal school day starts early in the morning. I usually wake up at 7 o'clock. I hear my alarm clock and sometimes I feel sleepy, but I get up because I don't want to be late.

First, I go to the bathroom. I wash my face, brush my teeth, and get dressed. I usually wear simple and comfortable clothes. After that, I go to the kitchen to have breakfast. I often eat eggs, bread, or cereal. I drink tea or juice. Breakfast helps me feel ready for the day.

At about 7:45, I leave my house and go to school. I usually walk, but sometimes I take the bus. On the way, I think about my lessons or listen to music. It helps me feel more relaxed.

School starts at 8:30. First, we have the first lesson. During the day, I study different subjects like English, math, history, and geography. Some lessons are easy, but some are more difficult.

During breaks, I meet my classmates. We talk, laugh, and sometimes eat snacks. I like breaks because I can rest and relax

for a short time.

At 12 o'clock, we have lunch. I usually eat sandwiches, fruit, or soup. I also drink water or juice. Lunch is a good time because I can eat and talk with my friends.

After lunch, we have more lessons. I try to listen carefully and take notes. Sometimes I ask questions if I don't understand something.
