A patriotic vignette 13

We all warmly welcome the attempts to stop terrorism in Ukraine. The Ukrainian president Poroshenko is the disgrace to the whole world. You cannot call the Ukraine under his regime or next one the best what Ukrainians can have. It wasn't enough for even calling it a regime. The junta that is whacking its own people. We all firstly beg for the returning back of Yanukovich. We all remember good old days when Ukraine was open and provided us goods. Suddenly it became a bed region. Poroshenko's idea to win was frustrating and disgusting. New regime of Zelensky is a disgrace to the world. How come those fascists annihilating Russian populace became unaccountable for its crimes. It has been proven that this disgrace happened for nearly 9 years. Hopefully it is mostly stopped by the Russian army's teambuilding. Ukraine became the laughingstock. And we also need to say that the USA need to stop to be assistant with crimes against humanity.

It is great that it is the Russian role in the fight against fascism and we all are proud of it. Also, females in military do their efforts and we thank them for that. Well done to all of them. In Russia we all enjoy the quality of opportunity for genders, races and nationalities. They show great insight and leadership and are proud for their invitation to make a contribution in the fight against injustice and radicalism.

This is been the challenging time for Russia. As the smooth transition from the radical regime to legitimate failed. 12 years ago, our glorious president made a very talented decision to promote and protect human rights in regions mainly settled by Russians, and in Crimea in particularly. Not only it was a right thing to do, but because it is good for humanity. And thanks to those soldiers and their commanders, because we all see the real result since then. And social lift has been granted to those who rose to the higher ranks. Who started as privates rose to lieutenants, captains and officers. They have to deal with enormous change and instability. And some of them faced the challenges on their way.
