THE CONTRACT WIFE. From Winter to Summer 90 Days Without Baggage / N. Sherman — «Автор», 2026

I flew with no expectations. From -15 to +86 in a few hours. From winter to summer.A day before my flight home they said: «There is a man waiting for you. Not the one-night kind».One night to the sound of hotel music. A huge moon. An alley where we got lost on purpose. His whisper: «Only your heart». A kiss on the crown and a feeling we knew each other in a past life.I left my number at the reception. 5 days of calls. And I came back. For only 7 days. Hand luggage only. And I canceled the taxi to the airport.He offered a game: «90 days. A contract. You stay here as a wife».A fake marriage that became real. A story about canceling a taxi being the most important decision of your life. And how hand luggage was enough for a new life.

Mira burned out. Work-home-work. Winter outside for five months. On social media, a feed of friends who "found themselves wintering abroad." She laughs at it and tells everyone: "I'm going with no expectations. I just need the ocean and silence." A last-minute deal. A suitcase packed in 20 minutes.

She flew with no expectations. From -15 to +30 in a few hours, from winter to summer, to a country with no name, where it doesn't smell of pine, but of mango and salt. Where at 7 a.m. it's +29, though 4 hours ago you were scraping snow off your boots. Where men don't rush, and time flows differently. Where there is different music, different markets, a different gaze at a woman.

A day before flying home, when her hotel review was already written, they called her and said: there is a man waiting for you. Extraordinary, interesting, not the kind who looks for a one-night adventure.

Then - a night to the sound of music from hotels, a big moon, a walk like teenagers, an alley where they got lost on purpose, a kiss on the crown of her head, fresh juice and the feeling that you knew each other in a past life. And then - goodbye, a phone number at the reception, 5 days of talking for hours and a decision: passport, ticket, plane - a second time for just 7 days, with hand luggage only. And a taxi to the airport that she canceled this time.

This is a book about 90 days without baggage from the past, about mini-adventures like from childhood movies, about monologues in front of the bathroom mirror where she is honest, and about the desire to stop time.

Mira burned out. Honestly, without pretty words. Work-home-work, winter outside for the fifth month, the light turns on at 7 a.m. and it's already dark at 4. On social media, a feed: friends wintering abroad, someone found themselves, someone found love. She scrolled and smirked.
